

ALPHA 8HP Molded-Plastic Distribution System

Single Enclosures

Empty enclosures

Overview

- All complete empty enclosures are equipped with metal mounting plates.
- The quick-acting locks of the covers need tools for opening and can be shut manually.
- The enclosures have removable knockouts for flange openings and cable entries.
- High covers (for sizes 2 and 2.5) and intermediate frames (for sizes 3 and 4) are available to increase the mounting depth.

Enclosure size	Mounting depth and cover version	Empty enclosures, complete (delivery in individual components) Type	Individual components					
			Enclosure base part		Cover/+ intermediate frame		Mounting plate
